

this area that enough village communications have not been given to them.

Sri H. M. CHANNABASA PA.—I take the information from the Hon'ble Members and if there is dissatisfaction, Government will make all attempts to remove that and provide necessary communications.

ಶ್ರೀ ಎಂ. ಎಂ. ಪಾಟೀಲ್.—ತುಂಗಭದ್ರಾ ಬೋರ್ಡ್ ಮಂಜೂರಾತಿ ಕೊಟ್ಟ ರಸ್ತೆಗಳು ಇನ್ನೂ ಆಗಿಲ್ಲವೆಂಬುದು ತಮ್ಮ ಗಮನಕ್ಕೆ ಬಂದಿದೆಯೇ?

Sri H. M. CHANNABASAPPA.—It is not so.

Dr. R. NAGAN GOWDA.—May I know the policy of the Government with regard to these communications, i.e., of the villages submerged?

Sri H. M. CHANNABASAPPA.—The policy of the Government is that wherever people have lost their normal life, everything possible should be done to restore normal life.

Construction of a Reservoir across Kurubur Addahalla in T.-Narasipur Taluk.

Q.—2991. **Sri J. B. MALLARADHYA** (Nanjangud).—

Will the Government be pleased to state:—

(a) whether there is a proposal to construct a reservoir across Kurubur Addahalla, T.-Narasipur Taluk near Kothegala village;

(b) whether an estimate has been prepared; if so, the amount thereof;

(c) the number of acres of land that will be submerged by the construction of this reservoir;

(d) the number of villages that will be affected by the stored water;

(e) the extent of the acreage that may come under *atchcat*;

(f) whether petitions from the villagers of Kurubur, Kothegala, Karohatti and Madarahally opposing the construction of this reservoir have been received by the Government and Departmental Officers;

(g) if so, will steps be taken to suspend the work till a detailed enquiry is made on this behalf?

A.—**Sri H. M. CHANNABASAPPA** (Minister for Public Works and Electricity).—

(a) Yes.

(b) Yes; Rs. 4.13 Lakhs.

(c) 116 Acres and 28 Guntas.

(d) No village will be affected by the stored water of this tank.

(e) 320 Acres.

(f) Yes.

(g) The question of sanction to the estimate has itself not been finalised and this question therefore does not arise.

Sri J. B. MALLARADHYA.—In reply to sub-section (c) of the question it is stated that 320 acres is the likely *atchcat*. May I know what is the return on the investment of 4 lakhs 13 thousand? Is the project remunerative?

***Sri H. M. CHANNABASAPPA.**—The return is estimated to be 1.74 per cent.

Sri J. B. MALLARADHYA.—After petitions were received from the residents of Kurubur Addahalla, was an alternative estimate prepared for the project?

Sri H. M. CHANNABASAPPA.—It is not as if that in pursuance of the representations made an alternative project was decided. It is not an alternative project, but an additional project that is under investigation.

Sri J. B. MALLARADHYA.—After the petitions were received from the villagers, did the Government investigate and find out the truth of the allegations that this project is intended to benefit a particular section of the people?

Sri H. M. CHANNABASAPPA.—The allegations are not correct.

Sri J. B. MALLARADHYA.—My question is, did the Government make an investigation after they received petitions? Did they enquire into it?

Sri H. M. CHANNABASAPPA.—The allegations made on the very face of it are incorrect and therefore do not merit any consideration.

Sri J. B. MALLARADHYA.—Were there not allegations to the effect that the project is intended to benefit a particular section of the people? After they received petitions, did they enquire into them?

Sri H. M. CHANNABASAPPA.—A petition was made alleging that it should not be taken up for certain reasons and the reasons stated in the petition did not merit any consideration on the very face of it.

Sri J. B. MALLARADHYA.—My question is, why did they not make investigation?

Sri H. M. CHANNABASAPPA.—The reasons they have advanced for not taking up this work are: (1) that water spread area comes within the proximity of the village—that is not correct; (2) the lands submergeable are fertile—the lands submergeable are as fertile as the lands that come under irrigation; (3) the lands below that come under irrigation are not fertile—that is not correct.

Sri J. B. MALLARADHYA.—Why not the Government take up a better proposal higher up the project?

Sri H. M. CHANNABASAPPA.—To take a better proposal higher up, suitable site is not available.

Sri J. B. MALLARADHYA.—Is the total cost of the estimate going to be met out of capital account or revenue account?

Sri H. M. CHANNABASAPPA.—They will be met under the minor irrigation scheme.

Sri M. RAJASEKHARA MURTHY.—Is it not a fact that the area where the tank is proposed to be constructed is affected by drought conditions?

Sri H. M. CHANNABASAPPA.—Mugur Hobli wherein the tank is situated, is to our knowledge, an arid area.

Sri M. RAJASEKHARA MURTHY.—Are the government aware that the water in that halla has not been tapped from beginning to the end?

Sri H. M. CHANNABASAPPA.—This halla which is the tributary of Mugur valley has not been tapped so far.

Sri M. RAJASEKHARA MURTHY.—Has the Government investigated the possibility of putting up a pick-up weir elsewhere?

Sri H. M. CHANNABASAPPA.—Preliminary investigations have been made to construct a reservoir somewhere higher up in order to bring in

more lands under cultivation. But the position does not tend to favour constructing a reservoir higher up.

Sri M. RAJASEKHARA MURTHY.—Is it possible to put up a pick-up weir?

Sri H. M. CHANNABASAPPA.—It is not a perennial halla.

Sri M. RAJASEKHARA MURTHY.—Are there not pick-ups constructed showing concessions like waiving the cost of construction, etc.?

Sri H. M. CHANNABASAPPA.—As disclosed by me in this House some time back, special considerations are being shown to projects to be taken up in arid areas.

ಶ್ರೀ ಬಿ. ಎನ್. ಪುಟ್ಟಣ್ಣ.—(c) ಪ್ರತ್ಯೇಕ ಉತ್ತರವಾಗಿ 116 ಎಕರೆ 28 ಗುಂಟೆ ನೀರಲ್ಲ ಮುಳುಗುವ ದೆಂದು ಹೇಳಿದೆ. (c) ಪ್ರತ್ಯೇಕ ಉತ್ತರವಾಗಿ 320 ಎಕರೆ ಅಚ್ಚುಕಟ್ಟಿನ ಕೆಳಗೆ ಬಿರಬಹುದೆಂದು ಹೇಳಿದೆ. 320ರಲ್ಲಿ 116 ಕೆಳದರೆ 204 ಎಕರೆ ಉಳಿಯುತ್ತದೆ. ಆ 116 ಎಕರೆಗೆ ಕಾಂಪೆನ್ಸೇಷನ್ ಕೊಡುವುದೆಷ್ಟು? ಅದು ಹೋದರೆ 204 ಎಕರೆಗಳಿಗೆ ಸಂಬಂಧಪಟ್ಟ ಹಾಗೆ ಪ್ರತಿ ಎಕರೆಗೆ ವರ್ಕಿಂಗ್ ಕಾನ್ಸ್ಟ್ ಎಷ್ಟು ಬೀಳುತ್ತದೆ?

Sri H. M. CHANNABASAPPA.—Compensation will be determined by the Land Acquisition Officer and I cannot tell you what it is. Secondly as regards the cost per acre, the Hon'ble Member himself may work it out.

Sri C. K. RAJIAH SETTY.—May I know whether in the amount of Rs. 4.13 lakhs, the cost of compensation is also included?

Sri H. M. CHANNABASAPPA.—It is included.

Sri C. K. RAJIAH SETTY.—It was stated that the site above is not suitable. Can that report be placed on the Table of the House?

Sri H. M. CHANNABASAPPA.—It is purely a technical question and it has been fully investigated and the present site has been chosen.

ಶ್ರೀ ಯು ಎಂ. ಮಾವಪ್ಪ.—ನರ್ಕಾ ಗೊತ್ತು ಮಾಡಿರುವಷ್ಟು ಪರ್ಸೆಂಟೇಜ್ ಆಫ್ ರಿಟರ್ನ್ ಬರುತ್ತದೆಯೇ?

ಶ್ರೀ ಎಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.—ಅಷ್ಟು ಬಾರದಿದ್ದರೆ ಮೊದಲೇ ಹೇಳಿದ ಹಾಗೆ ಏರಿಡ್ ಏರಿ ವಾಸ್ ನಲ್ಲಿ ಸ್ವಲ್ಪ ರಿಯಾಯಿತಿ ತೋರಿಸಬೇಕಾಗುತ್ತದೆ.

Sri M. RAMAPPA.—What is the minimum return required to take up the scheme?

Sri H. M. CHANNABASAPPA.—There is no such thing as minimum

return. But, Government reduce the rate of return in arid areas.

Sri M. RAJASEKHARAMURTHY.—Is it not a fact that while the Minister inspected the spot, the people of the area represented that the tank should be constructed in the proposed place?

Sri H. M. CHANNABASAPPA.—They did represent.

Sri U. M. MADAPPA.—Is it the intention of the Government to take up this work under minor irrigation project?

Sri H. M. CHANNABASAPPA.—Detailed investigations are being conducted and by these detailed investigations, if it is found necessary, Government will take it up. If it is recommended as not necessary, it will not be taken up.

Sri U. M. MADAPPA.—Is it a minor irrigation project?

Sri H. M. CHANNABASAPPA.—It is.

Sri U. M. MADAPPA.—Is it not a fact that only 10 acres or 20 acres come under *atchkat*?

Sri H. M. CHANNABASAPPA.—I am sorry the Hon'ble Member is misinformed.

Sri G. N. PUTTANNA.—According to the figures furnished, including the compensation to be paid at the rate of Rs. 500 per acre, the cost per acre comes to Rs. 25,000. Are the *atchkats* prepared to pay the contribution?

Sri H. M. CHANNABASAPPA.—It is a simple mathematics. The cost is Rs. 4.3 lakhs and the contribution will be 320 times Rs. 500, that comes to Rs. 1,60,000. If you deduct this sum out of 4.3 lakhs, about 2.7 lakhs remain and 2.7 lakhs divided by 320 will be less than Rs. 1,000.

Sri U. M. MADAPPA.—May I know whether the Acquisition Officer has fixed up the valuation of this land?

Sri H. M. CHANNABASAPPA.—That comes later on. When I say, it must be taken.....

Sri J. B. MALLARADHYA.—The Hon'ble Minister states 'must be taken'. I do not think that he can give such a directive. Is that correct?

Mr. SPEAKER.—Please do not misunderstand. All the answers given

by the Treasury Benches will have to be taken.

Sri J. B. MALLARADHYA.—There is a manner in saying that.

Mr. SPEAKER.—Instead of the word 'must' you use some other words.

Sri H. M. CHANNABASAPPA.—If the Hon'ble Member feels so touchy, I will say 'kindly take it'.

Sri J. B. MALLARADHYA.—There is a lot of agitation in regard to the sanction of this estimate, that is due to the persuasions of a particular group of people and it does not satisfy a large number of people. Is it correct?

Sri H. M. CHANNABASAPPA.—It is not correct. The Hon'ble Member will know that the agitation is more by people whose lands come under submersion, which is quite natural.
